This certificate allows the person to whom this semen was sold to, to register any calves born from this semen with the Australian Belted Galloway Association Inc.

Owner Of Sire At Time Of Collection:

Signature: ..... Date: .....

To register a calf born from Artificial Insemination, the Semen Sire must be an ABGA Approved Semen Sire.

All AI Sires born after the 1st of January 2011 will be required to have their DNA Profiles upgraded to the SNP System as per the Zoetis requirements, to be eligible to have a calf registered in the ABGA Herdbook.

All calves born after 1st of January 2023 must be Parent Verified in accordance with the ABGA By-Laws.

Please check before buying and selling semen that the criteria above has been completed to avoid future issues with registering AI progeny.

The Australian Belted Galloway Association Inc mission:

To promote and register distinctive heritage Belted Galloway cattle, through accurate genetics, education and fellowship, for past, present and future generations
